

The Mother Of All Network Marketing Secrets

How to Make Big A Big Income in Network Marketing.

When people see you brief their people with a simple electronic flip chart (www.historichealth.com) and see you sign up their people they say:

“I can easily show people how to use this electronic flip chart to brief others.”

You can't make a million dollars by yourself, any time soon, but each person can be a millionaire if they have at their disposal a simple duplication system and the right tools to make duplication happen*.

If a person shows this flip chart to 500 people they will become multimillionaires and save many lives.

Most Companies are missing one or more of the critical elements to make many people respond as above.

This is a list of the critical elements needed for completed success by any company:

Element One: An electronic flip chart must be available. It must have presentation pages and a complete background set of video and audio information and printed material and company status information and testimonials. This means distributors will need to have a “one source flip chart” so people don't have to go to dozens of locations to find information.

Element Two: The company products must be highly appealing and be available at a very low cost. In some cases a sample of product to influence people is also helpful.

Element Three: Large incomes must be possible with the only requirement being to sponsor 2.

Element Four: The pay plan must make millions possible by a simple 2 who get 2 system. But there must be a large immediate reward when people get a 3rd person or a 4th or a 5th person.

This big “fast start” reward assures that the most people possible will get their 2 because they really want to get to their 3rd person – “a coded leg to infinity deep”.

Element Five: The reward for sponsoring the 3rd, 4th, 5th person etc. must be substantial and paid weekly. This income allows time for the more significant monthly checks to build up over time.

Element Six: The “fast start” reward must renew annually from the same people.

Element Seven: The cost to be involved must be very low and still deliver the high reward for the sponsorship of a 3rd, 4th, 5th or 100th person to infinity wide. In our case the cost is \$39.95 at the Silver

level with a reward of \$30 on the first 2 of the first 2 to infinity deep in coded legs, or a cost of \$89 at the Gold level with a reward of \$60 on the first 2 of the first 2 to infinity deep in coded legs.

Element Eight: The residual checks should be able to grow to a very high level in a 2x15 to infinity spill over matrix. For example, in Nutronix Revolution, with each person taking all month to get to their coded leg at person number 3 they can develop a group of over 8000 in 12 months under person number 3. Each person can do this. In just one 2x12 system in a coded leg they can receive over \$240,000 income with all people enrolling at the \$39.95 Silver level. With each person enrolling at the very valuable \$89 Gold level the income is increased to \$480,000 in one year. This income, generated in year one is repeated annually. At the Gold level people can select from the monthly specials at 50% discount. No commission is paid upline when Golds buy these specials. That is why their price is so low. At the Gold level the matrix pay goes to \$4 per level in paid matrix positions.

Element Nine: There must be a way to allow heavy hitters to be on the first level of the sponsor no matter where they land in the matrix. This provides maximum income potential for multiple sponsoring. Nutronix does this by providing a free profit center for each time 2 are sponsored and they sponsor 2.

Element 10: Nutronix is successful even for people without computers. People can have a paper flip chart and get similar results. People can use a DVD during the presentation as well.

Element 11: The coded bonus feeder program causes the 2x15 to infinity monthly pay system to fill.

Element 12: In addition, the coded bonus feeder program causes the 9 level deep compressible unilevel with infinity income to fill as well.

In summary, these are the reasons why people will get at least 2 and cause an explosion of duplication to occur: (2 times itself 20 times results in a group of over 2 million. Just be patient.)

1. People want to tell their friends about the products because of their health benefits.
2. The price to be in business is affordable (\$39.95) and the credit card may never be drafted a 2nd time.
3. Large income must be possible by only sponsoring 2.
4. No income is earned until 2 are sponsored.
5. A downline is very possible with no personal sponsorships. The possible downline encourages each person to sponsor their 2.
6. No "Binary Balancing " is required to earn residual checks from the strong side. This creates many more circumstances in which people will sponsor 2.
7. When the 3rd is sponsored, \$30 to \$60 is earned on the first 2 of the first 2 to infinity deep. These checks are paid weekly and renew annually. People go for 3 or more personal sponsorships to have many coded legs.

8. A possible huge unilevel is generated. The more that are sponsored the bigger the fully compressible 9 level deep unilevel with infinity income becomes.
