**(Draft) Why Nutronix Will Become a Billion Dollar
Company.
You Can Have
Your Multi-Million Dollar Piece Of It.**

Because people receive standard 50% off pricing on high demand products when they are in the low cost Gold program, they stay in the autoship program for a very long time. No sponsoring is required to receive these benefits. The whole system works because the life saving products in the monthly special at 50% off will have tremendous pulling power.

This is the first time in 100 years of MLM history that products of such quality have been available with no MLM markup or commissions paid to upline.

The products in the Gold package will supply one or two members of the family for a month. The other members of the family will now be able to obtain many of their favorite products at full discount 50% off.

The distributors at the Gold level can also have a nice Retail business by getting the best products at one half off and reselling.

Distributors who want to refer others can make \$60 fast start weekly pay (renewing annually) all day long by selling the Gold package with these discount ordering and income features. The people that they sell to will keep their autoships for a very long time and have a great chance at superior health.

Distributors will also receive \$60 fast start on the first 2 of the first 2 to infinity under every coded leg. This could be tens of thousands of dollars in weekly pay in a year time frame. And this pay renews annually. This is rally how to leverage your personal time and build a tremendous true residual income. This is much more income than is available to most sales people in the furniture, insurance, securities, real-estate, automobile, window, pool and home improvement business.

Some of these people who have the Gold package who are not sales people will even refer 2 others (this is all that is required – sponsor 2) so that they could receive tremendous residual income from the 2x15 of people that could have “spilled” under them. This is a total win – win and will set the standard for how MLM structures should be operated.

Additional powerful features of the Nutronix structure include:

The Nutronix 2x15 to infinity matrix is not a binary. No balancing is required.

The Nutronix 2x15 to infinity matrix has up to a 100% matching bonus. When a person under you makes \$5000 per month you can make \$5000 per month. This match is possible not only from personally sponsored people but from the sponsored people of others.

The Nutronix 2x15 to infinity matrix, with free profit centers, is in reality a unilevel. This provides maximum income potential and is why many top producers have already joined Nutronix. Maximum income is possible because good sales people can always be on level one or 2 of a free new 2x15 matrix that you own.

The Nutronix coded leg income with a 2x2 structure anywhere in any coded leg pays \$360 per 2x2 structure.

This coded leg income, with an equal number of people, drastically beats all 1x2, 2x2 and 2x3 follow me plans and \$10,000 splitting board plans and gifting programs and unilevel and binary and matching bonus programs of other companies that we have seen.

To Reiterate:

Nutronix has simple rules to come as close as possible to cause monthly doubling of growth to occur and to keep many people as loyal autoship customers.

Nutronix meets these goals by:

1. The desirability and uniqueness of the product line.
2. The low autoship requirement.
3. Provides 50% discounted monthly specials at the Gold level with no sponsoring.
4. Requires a person to recruit only 2 at the Silver or Gold level to be paid commissions. These commissions with only 2 sponsored can be very high. You can qualify to get full commission for level 2 to 14. The Silver is about \$65,000

per month. The Gold is about \$131,000 per month. (With profit centers and infinity income, the people in the Matrix who don't recruit don't hurt the Matrix that much. We can build around them. Eventually they will bring in and maintain 2 on autoship when they have a large downline from possible spill over.)

5. A Silver Regional picks up \$2 on level 15 (no roll up at the Silver level). To be a Silver Regional requires that you sponsor 2 Silver or Gold and have 75 in the personal sponsor tree. Income potential with infinity is \$162,680 per month per profit center.
6. A Gold Regional picks up \$2 or \$4 on level 15 and gets rollup from those who are not Gold Regional. Gold Regional requires that you sponsor 2 Silver or Gold and have 75 in the personal sponsor tree. Income potential with infinity is \$327,520 per month per profit center.
7. At the Silver Level you receive \$30 weekly pay (renewing annually) in the coded structure to infinity deep. This starts with your 3rd personal sponsored person wide. You miss the \$30 extra on Gold sales in the coded structure. (Your best people should be person one and two because they can build you 2x15 and you virtually get a 100% match of their matrix check if they are your first two.)
8. At the Gold level you receive \$30 or \$60 in the coded structure to infinity deep. This starts with your 3rd personal sponsored person wide.
