

# The story of the World's first "Massive" Unilevel

For over 100 years network Companies have sought ways to have a way for people fill their own unilevels and generate income. They have all promoted the idea of 10 get 10 or 6 get 6 or 5 get 5. For example they knew that if a person had a structure where 6 got 6 and it would pay 6 levels deep that there would be over 46,000 people on the 6<sup>th</sup> level. even with small payout the person would be wealthy .

Well Nutronix finally has the formula. We pay \$30 weekly pay to infinity in coded legs in a unilevel. This is based on a product at \$39.95/month. This causes many people, not only to get 6 but they get 10, 20 or 100 personally sponsored. The purchasing in this massive unileve is fueled by hugely successful products and a huge benefit when each person purchases \$40 cv (\$40 to \$60) in the Unilevel. With a payout of \$2 per person 9 levels deep plus \$2 to \$4 to infinity, the potential incomes are truly monumental. For example, a solid 6x9 has over 10 million people.

See the summary tables below at six month and 12 month to see examples of residual income from much smaller unilevels than "6 get 6". These are only 3x, 4x and 5x structures.

These tables include the income from the Nutronix 2x15 matrix and \$30 weekly pay that renews annually and the 3x 4x and 5x "Massive" unilevels.

It is time to get this to the 15 million networkers in this country and the hundreds of millions around the world. This is it!!!!!!!!!!
